Excellent Senior Position with a Global Leader- Atlanta, GA

We have a rush need for a RVP who meets the following non negotiable criteria:

- Is in the ascendancy of their career such as a DM who is ready for that next promotion.
- Must come from a sales background and presently holding a sales management position.
- Knows retail floor covering and flooring retailers in-depth
- Is making \$95k - \$140K range
- Is presently living in the Atlanta metro area or willing to move there upon being hired. (our client has a good relocation package)
- Has been with their present employer long enough to have been promoted at least once.
- Thinks strategically and is accountability oriented
- Our client puts candidates through a number of interviews so they must be able to handle behavioral interviews where you must site specific accomplishments in response to questions.
